## Back on their feet

Day By Day Warming Shelter guest Brett Henckel and others were treated to new shoes and boots Christmas Eve courtesy of longtime shelter supporter Brad Britton, owner of Britton's Walk-Over Footwear. "It's just too cold in Wisconsin to not have a pair of quality, waterproof, warm boots and this is one way we felt we could help," Britton said. Guests had the opportunity to choose in advance whether to receive shoes, boots or a gift card. Retired postal worker Thomas Burgett also gave out \$20 restaurant gift certificates to all 25 at the shelter that night. Dinner was later provided by eight volunteers from the Algoma Boulevard Methodist Church who served homemade mac and cheese that got high marks from the guests.

# Housing upgrades promoted

## Funding incentives include blighted areas

By Tom Ekvall  
HERALD CONTRIBUTOR

Applications will be available starting next week for those interested in making property improvements to their homes or rental units under the city's new Housing Stock Improvement Programs created within its 2020 Strategic Plan.

Community Development Director Allen Davis said that housing projects are being targeted for blight removal in designated areas, including homes within neighborhood association boundaries. Funding will be provided through the city's annual Community Development Block Grant (CDBG) program and Healthy Neighborhoods Initiative as part of its Capital Improvements Program.

A Common Council initiative directed city staff to review existing housing programs and create new ones to improve housing stock in the city. The expanded effort for acquisition and demolition will draw \$300,000 from the 2020 Capital Im-

# Hometown talent pays off for Titans teams

## Oshkosh high school stars energize UWO

By Tim Froberg  
HERALD CONTRIBUTOR

University of Wisconsin Oshkosh coaches are learning they don't need to span the globe or scour every section of the state to stock their teams with quality athletic talent.

They can find it in their own backyard.

That hometown talent can be found on this fall's all-Wisconsin Intercollegiate Athletic Conference teams. Three athletes who attended Oshkosh high schools — senior volleyball players Samantha Jaeke (Lourdes Academy) and Rachel Gardner (Oshkosh West), and junior soccer player Addie Schmitz (Oshkosh North) — received all-WIAC recognition. Jaeke and Schmitz were first-team selections, while Gardner received honorable mention.

"Talent is hard to find anywhere," Gardner said. "The fact that three of us are from the same city is really cool because Oshkosh isn't a giant city."

Teammates Jaeke and Gardner drove the UWO volleyball team to a 21-10 season and a 4-3 finish in the WIAC.

The two are close friends who got to

Titans volleyball players (from left) Samantha Jaeke and Rachel Gardner, along with soccer player Addie Schmitz, are Oshkosh high school alumnae who are big contributors to their college teams.

Photos courtesy of UW Oshkosh

know one another while playing club volleyball in high school.

"We'd go to open gyms together all the time and that kind of gave us a head start going into college," Gardner said. "It was nice having someone like Samantha who I could rely on to get me motivated and into the gym. We held each other accountable which was super awesome."

Jaeke, a 5-foot-11 right-side hitter, led the Titans with 390.5 points on 341 kills, 79 blocks and a .281 hitting percentage.

She topped UWO in kills on 21 occasions and closed her stellar career with 1,076 kills, 685 assists, 560 digs, 320 blocks and a hitting percentage of .233.

Jaeke is only the fifth player in program history to land all-conference honors all four years. She was also a first-team all-WIAC selection in 2016 and 2017, and received honorable mention last year. Jaeke's powerful hitting helped her earn honorable mention on the 2019 NCAA Division III all-Midwest Region team.

"Everyone says college goes by fast and it went super fast for me," Jaeke said. "I remember when I first came in and found out how competitive and how intense it was. You adapt but the transition from high school to college is hard. It's no cakewalk — that's for sure."

Playing three years for Titans head coach Jon Ellmann was a significant factor

# Donor gifts \$1 million to Boys & Girls Club

An anonymous donor gifted \$1,000,000 to the Boys & Girls Club of Oshkosh at the club's December board meeting.

Club chief executive Marc Dosogne and the Oshkosh Area Community Foundation have worked closely with the donor to connect them to the Boys & Girls Club mission. The donor determined to use the gift to create a new endowment at the club for building and maintenance upkeep and equipment, and named the fund in honor of Dosogne.

A check was presented by Karlene Grabner and Bill Wyman of the Oshkosh Area Community Foundation to Dosogne and club board president Heather Holly-Pinnow.

Dosogne is credited for shaping the club into one of the community's top nonprofit agencies. Friends of the club are encouraged to include the organization in their estate plans and donors have established special initiatives for college scholarships, maintenance programs, mental health, outdoor education and unmet needs.

In 2003, the Boys & Girls Club of the Tri-County Area was in danger of closing. When Dosogne came on board, its advisory board and staff development grew. The Tri-County Club led a successful campaign in 2013 and 2014 to raise funds for a new club and is now a separate organization with more than 500 members. Dosogne also led 2005's Opening Doors Campaign to build a state-of-the-art teen center.

"I am humbled by the kindness, trust and vision of this very good friend of the Boys & Girls Club of Oshkosh," Dosogne said. "Though I would love to thank them publicly, their anonymity is typical of this

Submitted photo

A \$1 million check was presented to the Boys & Girls Club of Oshkosh last month by "Santa" Bill Wyman of the Oshkosh Area Community Foundation to club CEO Marc Dosogne, shown with club board president Heather Holly-Pinnow and foundation development director Karlene Grabner.

donor, and their character of deflecting attention from themselves and instead focusing on others."

Endowments are permanent funds from which the club can draw income every year while maintaining the principal balance, and provide operational flexibility and stability while allowing the club to

focus on emerging needs.

The Boys & Girls Club of Oshkosh mission emphasizes youth development services and family outreach support to meet the needs of children ages 6 to 18 and their families. It was founded as a 501(c)(3) nonprofit organization in 1968, and the doors officially opened in 1970.

# Hotel development proposed

By Tom Ekvall  
HERALD CONTRIBUTOR

An extended-stay Marriott TownPlace hotel is being proposed along Oshkosh Avenue near the new headquarters of Oshkosh Corp. before the city's Plan Commission at its Jan. 7 meeting.

Developer Steve Hoopman said a 103-room, four-story hotel is part of his plans for redevelopment of the Oshkosh Avenue area at 1365 N. Westfield St.

Hoopman said he is requesting approval of a specific implementation plan for the 2.4-acre project. The Common Council approved a general development plan

in 2018 for a hotel in the area.

Hoopman said construction could start as early as March or April if the project is approved.

The Plan Commission will also be acting on another request for the Oshkosh Avenue region, also submitted by Hoopman, for rezoning from single-family residential (SR-2) to corporate business park with planned development of an L-shaped lot at 1650 to 1660 Oshkosh Ave. The zoning change would provide uniform zoning for the entire parcel in the area.

Planning Department staff has recommended approval of both requests.

## Tobacco checks in city find strong compliance

During a recent round of tobacco compliance checks by a regional tobacco prevention group, 18 of the 22 businesses visited in Oshkosh refused the sale of those products to an underage youth working with the organization.

Each year a Winnebago County WI Wins team of an adult supervisor and local youth conduct tobacco compliance checks at a sample of businesses to record whether the teenager is able to purchase tobacco or nicotine products from the retailers.

While there are proposals in the state

Legislature to raise the minimum age to 21 for buying tobacco or vaping products, the U.S. Food and Drug Administration last week officially changed the federal minimum age from 18 to 21.

The Wisconsin Wins campaign is an initiative to decrease youth access to tobacco that started in 2002. The state Department of Health Services contracts with local partners to conduct investigations to establish retailer compliance. The initiatives include retailer education and training, media outreach, and community education.

### Jan. 4, 1990

**Mercury to move 40 employees:** About 10 percent of the workers in Mercury Marine's Oshkosh plants have been asked to relocate out of state. About 35-40 employees have been asked to move to Stillwater, OK in 1990. The company's manufacturing plant for Mer-Cruiser is located there. According to a company spokesperson "The

relocation is an effort to get our engineering people in closer day-to-day contact with our manufacturing people". The move is not related to the layoffs and terminations that have plagued the company since May 1989. Rumors that the Mercury Marine plants in Oshkosh are closing are false, the company stated. The company currently employs about 370 in Oshkosh and has an engineering facility on Murdock Street, it's high performance operation on Bowen Street and its test base on the Fox River. Mercury is owned by Brunswick and is the nation's largest recreational boat manufacturer.

FROM PAGE 1

in Jaeke's success. Ellmann, who became the UWO head coach in 2017, was Jaeke's prep coach at Lourdes Academy and also at the club level.

"Oh my gosh, getting to play college ball for your old high school coach is super rare and it was awesome," Jaeke said. "I'm thankful I got to play for him all these years."

Jaeke

That almost didn't happen. Jaeke committed early in high school, making a verbal agreement her sophomore year to accept a scholarship from Division 2 Michigan Tech. She eventually changed her mind and opted to stay in her hometown.

"I didn't want to go to UWO at first - it was the last place I wanted to go," Jaeke said with a laugh. "I wanted to get away from home. I committed so early and as time went by, it (Michigan Tech) just didn't feel like home. But Oshkosh turned out to be the best fit for me. It wasn't only about

volleyball - it was about school - and I'm really glad I made the decision to stay here."

Jaeke graduated from UWO in mid-December with a degree in kinesiology.

Gardner, a marketing major, will graduate in the spring. She quarterbacked the Titans' defense as the starting libero four years and closed her accomplished career with 2,098 digs, the fourth most in program history. Gardner collected 581 digs this season - including a career-high 38 against the University of Dubuque - to go along with 63 assists and 18 aces.

Gardner

"As a libero, you have to be the loudest player on the court," said Gardner. "Communication is so important, and you control everything - even though it seems like you do only a small portion of the game. Getting the ball to the hitters for the big kills and big blocks takes confidence and communication."

"Liberos probably don't get the recognition they deserve, but it's a super-valid role and it's fun. You get fired up and rowdy out there. I loved it."

Gardner enjoyed her four years of volleyball at UWO and has no regrets. In choosing to stay in Oshkosh for her college experience, she reaped many benefits, including the opportunity to play home games in front of her parents.

"I'm definitely more of a homebody," Gardner said. "I've always liked Oshkosh and UWO, and I didn't really like a lot of the other schools. It was the perfect place for me - like a home away from home. I did everything a normal college kid would do. I stayed in the dorms and then in an apartment with my college friends."

"I was at college, yet I was 10 minutes from home. And it was really nice that my parents went to every game, even those on the road. Being able to share those moments with them was really nice."

Schmitz, a junior midfielder, scored five goals and had four assists for a Titans team that went 8-10-1 overall and 3-4 in league play. She was an all-WIAC first-team selection as a sophomore.

"I was in kind of a rut last year, but this year it clicked for me," said Schmitz. "I was able to score a lot more. Obviously, my teammates helped me out a great deal. I know our record wasn't great, but

it doesn't reflect how good we were. I love my teammates and we have a lot of potential for next season."

Schmitz, a nursing major, originally planned to attend school at the University of Wisconsin before reconsidering.

"I was skeptical at first about staying so close to home, but it all worked out really well," Schmitz said. "My parents are at every home game and I always joke with them that they're spoiled because they don't have to travel."

Schmitz

"It's been great. Living on campus here, you get the whole college experience. Yet, if I don't feel like cooking I can stop by home and grab a meal."

Like Jaeke and Gardner, Schmitz takes pride in her Oshkosh roots and feels that UWO coaches don't need to look far to find players.

"There are a lot of talented kids in this area and going to school here is a good experience," Schmitz said. "I've always felt that it's pretty cool to be able to represent my hometown in college."

## Housing initiative

FROM PAGE 1

provements Program, \$250,000 from the CDBG program and \$120,000 in Healthy Neighborhoods Initiative funding.

The new programs include:

- A construction incentive strategy where residents can receive up to \$15,000 for new home building on land the city has acquired through its acquisition/demolition sites program on a scattered site basis. At least three applications are expected to be approved totaling \$45,000 for construction along with \$250,000 for blight removal, which will double the number of blight removal projects from the current four to six projects per year to between 10 and 12 this year.

- A Healthy Neighborhoods program with zero percent deferred loans for those within Neighborhood Association or Gateways areas and unable to afford needed improvements such as siding, roof, porches,

stairs, windows and doors. The program has \$120,000 available for those making repairs that follow the city's affordable housing regulations and another \$100,000 for code enforcement cases, including rental properties. Landlords would have to rent their properties to tenants who meet income eligibility requirements.

- A Historic Restoration and Design Standards Program that will enable owners to make property improvements to historic homes with zero percent deferred loans until the property is sold or repaid back to city. The program has \$50,000 allocated.

The city also has another \$300,000 available for scattered site blight removal within its Quality of Life Map areas if re-development conditions are met.

Davis said the new projects will be reviewed during the year to see whether housing stock is being improved as part of the test programs.

"We would like to see people make improvements to their properties," he said.

## Two Titans earn All-America honors

Sophomore kicker Jaydon Haag and junior center Mike Olsen of the WIAC champion University of Wisconsin Oshkosh football team have been selected to the 2019 D3football.com All-America Second Team.

Olsen was named to D3football.com's All-West Region First Team this season while Haag was a Second Team All-West Region pick. Haag, WIAC special teams player of the year, paced the Titans with 63 points in 2019, making each of his 12 field goal attempts and converting 27 of

30 extra points.

Olsen headlined a UW Oshkosh offensive line that led the WIAC with 14 sacks allowed and 4.7 yards per rushing attempt. UWO ranked second in the conference with 2,027 rushing yards and 184.3 yards on the ground per game.

UW Oshkosh (8-3, 6-1 WIAC) clinched a share of its 11th conference title and secured an automatic berth into the NCAA Division III Championship before falling the first round.

## Big first half lifts Lourdes boys to win

The Lourdes boys basketball team put up 49 points in the first quarter en route to a 72-47 nonconference win over Menominee Indian on Thursday played at the Kress Center at the University of Wisconsin-Green Bay.

Preston Ruedinger had a big game for the Knights, who outscored Menominee

49-23 in the first half, with a game-high 36 points.

Jack Huizenga scored 10 points for Lourdes while Nathan Slagter and George Muench chipped in six apiece.

The Knights improve to 6-0 on the season with the win.

## Obituaries

### David R. Gollhofer

David R. Gollhofer, age 75 of Oshkosh, passed away at Ascension Mercy Medical Center on Thursday, December 26, 2019. He was born on November 18, 1944 to the

late Wesley and Verna (Crook) Gollhofer in Oshkosh. He married Patricia Pahlow on May 4, 1968 and their marriage was blessed with two sons.

David attended Oshkosh Public Schools growing up. He served in the Army National Guard and was a member of St. Raphael the Archangel Catholic Church. Throughout life, David worked at the Winnebago County Highway Department where he was a Heavy Equipment Operator. David had a love for the outdoors especially camping, hunting, fishing and archery. He enjoyed going to flea markets and he always served as a great handyman.

David is lovingly survived by his wife, Patricia; sons, Scot (Nacia) and Eric

(Sandy) Gollhofer; grandchildren, Melonie (Jake) Wiesner, Derek Gollhofer, Dan (Jennifer), Mandy (Nate) and Butch (Erica); great-grandchildren, Fynnlee, Reagan and Gus Wiesner, Savanna, Allie, Liam, Chase, Daxton, Coen and Sebastian; siblings, Ronald (Sandra), Dennis (Paula Wing), Ruth Westerberger, and Delores (Matt Salzieder) Laatsch. He is further survived by nieces, nephews, cousins, and foreign exchange student, Jorge Perez.

In addition to his parents, David was preceded in death by his sister, Lois (Robert) Winkler; brothers-in-law, Stanley Laatsch and Howard Westerberger; Mother and Father-in-law, Alfred and Loretta Pahlow; brother-in-law, Michael Pahlow and sister-in-law, Judy Pahlow.

A memorial Mass will take place at 5:00 p.m. on Monday, December 30, 2019 at St. Raphael the Archangel Catholic Church, 830 S. Westhaven Dr. with Fr. Tom Long officiating. Visitation will take place from 3:00 p.m. until 5:00 p.m.

KONRAD-BEHLMAN  
FUNERAL HOMES

### Joann Pable

Joann Pable, age 86, passed away in Oshkosh, Wisconsin on December 22, 2019. She was born on December 9, 1933 to Anthony and Lucille (nee Nelson) Sieloff in Missouri.

She married Robert "Archie" Pable on September 13, 1955. Joann worked at Kmart for over 25 years and loved to knit, crochet, and needlepoint many things over the years.

She created hats and scarfs and donated them to charities such as the Salvation Army.

Joann is survived by her daughters, Rene (Harve) Ross of Omro, Susan Jarvie of Columbia, South Carolina, and Paula (Art) Batson of Fond du Lac; son, Gary

(Regina) Pable of Cincinnati, Ohio; 10 grandchildren, 18 great-grandchildren, and many nieces, nephews and cousins.

She is preceded in death by her husband, Robert "Archie" Pable; her parents; her siblings; and many of her friends.

A memorial service will be held for Joann at Seefeld Funeral Home 1025 Oregon Street, in Oshkosh on December 30, 2019 with visitation beginning at 10:00 a.m. and lasting until time of services at 11:00 a.m.

In lieu of flowers please consider a donation to Heartland Hospice.

Special and heartfelt thank you to the caring and compassionate staff at Heartland Hospice.

# Tiny T-Rex Cousin

## What is the T-Rex Called?

This much smaller T-Rex is called Suskityrannus.

**Suski** comes from the Zuni Native American word for "coyote" and the Latin word "tyrannus" which means **king**. Combined, the name would be "Coyote King." Do you think this is a good name?

## Where was this fossil found?

The fossil for the Suskityrannus was found by Sterling Nesbitt when he was just 16 years old! He was on a school dig trip in the Zuni Basin of western New Mexico.

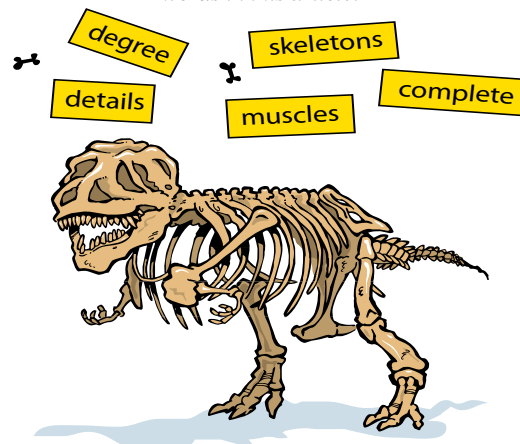

That was 20 years ago. At first, scientists thought the fossil Nesbitt discovered was a velociraptor. New research has determined that is actually a cousin of the T-Rex—which is the news!

## Kid Scoop Together:

Work with a family member to replace the missing words in this article.

## A Dinosaur Named Sue

The first T. rex specimen was found in the year 1900.

Since then, only a handful of \_\_\_\_\_ that are more than half complete have been discovered.

In 1990, researchers discovered the bones of a T. rex they named Sue. Sue's skeleton was 90 percent complete. Sue is the largest, most \_\_\_\_\_ and best preserved T. rex ever found.

Most of Sue's bones are in excellent condition and have a high \_\_\_\_\_ of surface detail. 67 million years after her death, it is still possible to see fine \_\_\_\_\_ showing where \_\_\_\_\_, tendons and other soft tissues rested against, or attached to, the bone.

## Are you an eagle-eyed paleontologist?

When paleontologists go on a dig to find fossilized dinosaur bones, they have to be very observant. What looks like a small stick, might actually be a dinosaur bone! As they dig, they don't want to dig too fast or they might break a buried bone. It takes being an eagle-eyed paleontologist to do it right.

Use your eagle-eyes! Find and circle the fossils below buried in the layers of rock and sediment at right.

How many bones can you find on this page in two minutes? Have a friend try. Who found the most bones?

## How big was the suskityrannus?

It was about 3 feet tall and 9 feet long from nose to tail.

I am:  taller  shorter than the Suskityrannus.

**Extra! Extra!**

## Observation Game

Look at a photograph in today's newspaper for 15 seconds. Observe as many details as you can. Cover the picture and write down the details you remember. How many did you get?

Standards Link: Research: Use the newspaper to locate information.

## Kid Scoop Puzzler

**BLAST FROM THE PAST:** Paleontologists in Nebraska discovered the remains of mammals that were more than 11 million years old. These animals had died at a watering hole following a massive volcanic eruption in what is now the state of Idaho.

Color each odd-numbered square red and each even-numbered square yellow to find out how many miles from the volcano the Nebraska fossil site is located.

5	7	3	1	5	7	9	7	3	9	7	5	1	3	3
